

Tough-PAC® iPad Charging Options

Experience the ultimate in device protection and hygiene with Tough-PAC®.

Product Overview

The Tough-PAC® iPad system has two charging options – a single desktop cradle and a multi-unit charging station. Both use the 'Simply Dock' system to ensure optimized charging and offer data synchronisation functionality.

Tough-PAC Desktop Cradle

The Tough-PAC® desktop cradle is a single dock charging station for the iPad tablet cases. The 'Simply Doc' desktop cradle removes the need to plug in cables directly into the iPad for routine charging.

The desktop cradle allows use in either landscape or portrait modes when not charging, creating a useful hands-free workstation.

Key Features

- ✓ **Anti-Microbial Protection:** Inhibits or destroys harmful surface contaminants to maintain a hygienic environment.
- ✓ **Simply-Dock® Charging:** Enables easy charging and data synchronization without the need for cables.
- ✓ **Ease of Cleaning:** Compatible with anti-microbial wipes and sprays (see our cleaning guide for approved options).
- ✓ **User-Friendly Design:** Features like a carry handle and a removable camera port* make it versatile and convenient for busy professionals.

Technical SPECIFICATIONS

- Biomaster anti-microbial technology
- UL and CSA approved flame-retardant ABS plastic
- Standard USB 2.0 connectivity
- Uses existing iPad power adapter
- Cradle Weight: 0.51 kg
- Size: 12 x 25 x 12.5 cm
- Compatible with all Tough-PAC iPad cases

Tough-PAC CS4 Charging Station

The Tough-PAC® CS4 Charging Station allows the intelligent charging or synchronising of up to 4 Tough-PAC units simultaneously using 'Simply Dock' interface technology.

The CS4 Charging Station may be located on a desktop or in a suitable cabinet for extra security. For IT Management, the CS4 has its own optimised USB hub that delivers precise power for even charging and allows data management via a USB for up to 4 iPads at the same time.

Key Features

- ✓ **Simply-Dock® Charging:** Enables easy charging and data synchronization of up to 4 devices simultaneously.
- ✓ **Flexibility and Visibility:** DC power supply allows easy location on desktop or inside cabinets, with LED indicator of device charge levels.
- ✓ **Ease of Cleaning:** Compatible with anti-microbial wipes and sprays (see our cleaning guide for approved options).
- ✓ **User-Friendly Design:** Features like a carry handle and a removable camera port* make it versatile and convenient for busy professionals.

**USB Hub Interface functions with Windows or MAC PC's and Apple Configurator and MDM (Mobile Device Management) Software.*

Technical SPECIFICATIONS

- 'Simply Dock' USB interface technology
- Optimised USB 2.0 Hub Management*
- 12v5A DC Power supply, efficiency level VI.
- Dock Weight: 2.31 kg
- Size: 25 x 35 x 7 cm
- Compatible with all Tough-PAC iPad Cases

General Tough-PAC Benefits

- ✓ **Enhanced Hygiene:** In-built Antimicrobial technology ensures a clean and safe environment.
- ✓ **Robust Protection:** Comprehensive protection against knocks, drops, fluids and contaminants.
- ✓ **Peace of Mind:** With busy staff in mind, Tough-PAC offers ease of use, low maintenance and secure confidence.
- ✓ **Convenience:** Simply Dock cradles eliminate the hassle of plugging in cables, making charging and data syncing effortless.

Compatibility

Both charging options are compatible for all Tough-PAC iPad cases, which include the following iPads:

- iPad 7th-10th Gen, plus A16 (11th Gen)
- iPad Air3, Air4, Air5 and Air 11-in (M2 & M3)
