

Tough-PAC® Wall Mount

Experience the ultimate in device protection and hygiene control with Tough-PAC®.

Wherever you need it, the Tough-PAC® Wall Mount offers a secure, convenient and versatile solution for mounting your iPad.

Engineered with a robust steel construction, this mount can be used for mounting on a wall or on any VESA compatible arm or stand.

Designed to withstand the rigours of everyday use, the antimicrobial paint finish ensures added hygiene, making it ideal for infection control environments.

Key Features

- ✓ **Sturdy Steel Construction:** Built to last, the Tough-PAC® Wall Mount's steel construction guarantees durability and reliability.
- ✓ **Anti-Microbial Finish:** Coated with an anti-microbial paint, this mount provides an extra layer of protection against harmful microbes.
- ✓ **Concealed Power Supply:** The iPad's power supply is hidden and secured within a shelf behind the faceplate, maintaining a clean and uncluttered appearance.
- ✓ **Easy Charging:** The wall mount offers a charging function when the iPad is docked, ensuring your device is always ready for use.
- ✓ **Flexible Orientation:** The mount allows for rotation into either portrait or landscape orientation, providing flexibility depending on your needs.
- ✓ **VESA Mounting Plate:** For additional versatility, a VESA mounting plate (75mm or 100mm) can be supplied, making it compatible with extendable arms.

Technical SPECIFICATIONS

- Antimicrobial finish
- Steel Construction
- Standard USB 2.0 connectivity
- Uses Apple 12w USB power supply (not included)
- VESA plate available for mounting on VESA compatible arm or mount (Optional extra)
- Cradle Weight: 1.48 kg
